“ Paul was so much fun and made me laugh so many times. One of many good memories of Paul was when we went to Florida together with 6 of are friends and had the time of our lives, we would go out on the beach and walk around taking pictures of us riding waves all of a sudden I didn't see Paul and wondered where he was, then I looked way out in the ocean and there he was floating in his back he looked like a boat just floating around with no effort at all, it was so funny ! I have so many good memories of Paul my friend. Rest in peace my friend. Sorry for your loss Cindy .

“ I was deeply saddened to hear of Paul's passing. As Shelley mentioned, we all have so many fond memories of the times spent together when we were young. We "Kansas kids" looked forward to the yearly trip to Arkansas and the opportunity to see all of our cousins again. And who can forget all of the mischief that we managed when we went in search of a new adventure?
I regret that I had not seen Paul in many years, as we both had a passion for photography that I would have loved to share. I remember most of all that there was a gentleness in Paul, a memory that I will cherish. Even though the obligations of life carried us all in different directions, the strong bonds of family live on in our hearts. I hope that special memories of times spent with Paul will be of comfort to everyone who knew and loved him during this difficult time. Looking at the many pictures that Paul posted on Facebook of his beloved dog Lulu, I can see that they shared a very special bond, and I'm sure that she was a comfort to him and will grieve his loss just as we will. I look forward to her arrival here in North Carolina, and will do everything that I can to comfort her and care for her until she crosses the rainbow bridge, where I know Paul will be waiting for a joyful reunion.

“ Paul was a good kind soul and neighbor. We’ve missed his presence here on Petit
Jean Mountain the last several years. His love of the Mountain and photography was
a combination we’ve all benefitted from. We will think of him whenever we look out
over Ada Valley.

“ Paula Koontz, Paul was a great friend to me. In our younger years a bunch of us ran
around together and Paul was one of that bunch! I know he has been sick a lot through the
years but now we can know without a doubt he’s not suffering anymore!! God bless your
sweet heart Paul!

“ Paul was my first cousin and I watched him grow from baby to adulthood .one of my
favorite memories was when all us cousins were together and he was only four he would
always be the center of attention making funny faces for us and bringing us laughter and
fun. After he grew up i was amazed at his talent with photography. He had a lot of health
problems over the years, but handled it so much better than a lot of us could. His sister
Cindy and his Mom are both treasures in my life and I send them all my love and sympathy
for our whole familys loss. Peaceful journey Paul Jr.

“ Dear Cindy and Aunt Eloise, I can't begin to tell you how sad Jay and I were to hear of Paul Jr's passing. We hadn't seen each other for a long time, but the world seems somehow dimmer today.

When I think of Paul, I always go back to all the wonderful times we had together at Grandma and Grandpa's house in Perry and at your family's home in Morrilton all those years ago. I remember listening to all the great records Paul, a connoisseur even then, played for us. (First time I ever heard Iron Butterfly!) And what fun visiting the cabin at Petit Jean. Paul never talked much but his eyes would dance when something humored him. I could go on and on. Paul's quiet presence, you see, is still in my memories of him. We all remember him and love him, you, Aunt Eloise, and the rest of the Farmer clan. The world is an emptier place now, but Paul's memory is still with us just as our thoughts are with you.

Much love always,
Shelley and Jay Cetin, Kansas City, MO

“ Shelley , this tribute is comforting and really speaks to Paul's soul . We looked forward to summers with the Farmer cousins and enjoyed our adventures in Perry and on Petit Jean . Who had better summer vacations than us with one adventure after the other ?! Paul , enjoyed our summers with the Farmer clan !
