“ I spoke to Phillip over the phone a few months ago. It was a joy for me to reconnect with him. Phillip was definitely a unique person and used to amaze me with his craziness. My memories of him start in our grade school years, and he has always been very dear to me. Pat, Colleen, Teresa, and Karen, I am saddened for your loss and for all the world to lose him so soon. I will never forget him.

“ I went to school with Phillip from first grade to 11th grade. Our school was really small, so we were all friends. I was crazy about Phillip. He was always up to something fun which made me want to be a part of his antics. I haven't seen Phillip in many years, and I know that I have missed many of the great stories that are a special part of his life. I pray for Pat, Colleen, Teresa, and Karen as they say goodbye to Phillip. I will always have such fond memories of Phillip and our days in Plumerville.

“ I have been reminiscing today and telling stories about our many adventures we had in our youth. Phillip and I reconnected after many years at of all places the VA Hospital. I didn't notice him at first and we had both aged. I overheard him telling a story to another Veteran in the manner only he could. I turned and noticed this older gentleman who still had that mischievous grin and mannerisms that were all his own and I knew it was him. I'm an introvert to put it lightly, but Philip and I could talk for hours without even noticing it. So many stories, he was truly a free spirit and will be missed.
