“ Working with Andy through the Community Emergency Response Team (CERT) at UAPTC was a wonderful experience. I will always think of him fondly. I recall all stories about choosing his first two children's names and he was so happy to have the second one on the way. I will pray for you always when the memories comes back. Requiescat in pace.

“ Andy will forever be missed by many. The night you pulled us over to make sure we knew we had a light out will forever be in our memories. From the genuine thankfulness from our family to the embarrassment you gave Emma for pulling over her best friends family. You always put a smile on our faces and made a genuine difference in this world.

Magen, we love your family so much. We will be here to support and love your family for the days, weeks, and years to come. Praying for comfort, strength, and love for you all.

“ I watched you grow up. It was such a pleasure to get to work with you and reconnect. Your smile was always a welcome sight, and just checking in with us and on us in the office. I hope you knew how much you meant to us. I pray you have peace now and get to watch over those babies of yours in a way no one on this earth could. We love you Andy.
