“ Clayton and Ashley, Bruce and Phyllis, and all the surviving family. Our hearts reach out to yours and our prayers go up to God for you all. You will forever wonder about her life and will forever long for an answer to the question- WHY? It's okay to wonder and to long, God has her in His care. Never forget where she is, because that's your needed comfort, both now and later.

We know, we have a little girl, born April 11, 1977, there too.

Prayers for you all
