“ *I had the pleasure of treating Betty for many years at the dental office. She was such a kind and gentle person. She always was smiling! I'm grateful I had the opportunity to know her. Words can't express how saddened I am to hear of your loss. I pray for peace, comfort, and strength during this difficult time.*

God holds time from beginning to end. May He cover you with his abounding love. She now has the promises of Heaven... how glorious! I bet she's enjoying the Loving God! You, too shall meet again.

“ Betty was a truly supper lady. I knew her from very early childhood even before we started to school together on that September day in 1943. She and I shared many interests such as music and often sang together while she played the piano. We also graduated together in 1955 and went our separate ways, but I still fondly remember all those years when we enjoyed each others company.
