“ *Bill, was like a family member...we worked together for many many years...I can still hear his laugh...He was an upright man who, quite often spoke his mind, but he always was right...Sat with him in church many times..He will forever be in my heart for sure...I pray Gods Peace and Comfort for you....*

“ *Alway enjoyed hearing Bill talk, he could always made me laugh. I missed seeing him, after he had to quit at Bobby's he would always bring up old times spent with my in-laws and things they used to do. He always had something to fuss about in a funny way, he always cracked me up. He probably giving everyone a hard time right now, they maybe ready to send him back. God Bless you and your family.*
