“ *Renee, I just found this announcement while looking for your mom's address to send a Christmas card. I am so sorry. I know these last few years were hard. One of my favorite memories of Mrs. Brents and mother was from a skating trip (where else?) We were driving to a meet somewhere and Mother was driving but it was Mrs. Brents' turn to drive but they were following some other parent, probably Mr. Caillouet, and didn't want to make him pull over so they slid across each other in the front seat. They laughed and giggled and nearly ran us off the road, but they had fun. Also, did you know that your mother glued on 5,000 seed pearls to the lace of my wedding dress, "so it would sparkle"? And she put lace and pearls on my shoes to match. She was a whiz!*

*I hope she and Mother are having a cup of coffee together!*

“ *Renee, I have fond memories of your mom coming to visit. She was a corker! Her & mom had lots of laughter & long conversations. Mom got Sick & would speak of the times spent with Jean. She was so very proud of you & the grandkids. My prayers are with you, now & in the days to come.*
