“ *Bill was a great Little League Umpire. He once warned me about the curveball i kept throwing which was not allowed in Little League. A good man!! My sympathy to the family.*

“ *Mr. Wofford was my Junior Girls Basketball Coach and Science Teacher at Wonderview in the late '50s. He cared for us and showed it in so many ways. When we didn't have transportation to the away games he would take us home with him and we would stay at his house until game time. Mrs Wofford was a great lady. She always made us feel welcome. His love for the game never ended. He loved the Class 1A brand of basketball. When Wonderview partenered with Morrilton and sponsored the 1A State Tournament, his family would bring him and he watched the games from above the court through the glass in the hospitality room. It was always so good to see and visit with him. I always felt like I was still his student. He was certainly one of those veteran teachers who was devoted to education. George and I are sending our love and prayers to all his immediate family and also to his former student and co-teacher families.*
