“ *To all of you I thank God for knowing Troy. What a blessing. He was a firefighters 'Firefighter'. We were together on a lot of alarms. Troy never raised his voice when it was burning he knew what he was going to do and I knew what he was going to do and it worked well. The best part was when the work was done we would find each other and share a few thoughts. After Troy's illness began and his loving family were there for him I had the occasion to visit him several times. When Troy was in the nursing home he made my day better when there was on a visit. This sad news reached me as I was planning my next visit. May God Bless all of you. Troy will be missed by this firefighter. God Bless all of you, Raymond Gunther*

“ My deepest sympathy to the family in the loss of a fine friend and coworker Troy Hampton. We were coworkers for many times and had some great times together. I learned a lot from Troy over the years and know he will be missed. My regret is I have the stomach virus and will not be able to attend his visitation to show my respects to him and the family! Please forgive me and know that if I were not contagious with this I would be attending! My prayers for the family in this dark hour!!
