“ *Bobbie was my mentor and my friend. She would share an apple or what she knew about working at the paper. She was a good listener and for the past 10 years has been my shoulder to lean on. I probably gave her more than her share of my life. I love the family just as I loved her. Now I don't know what to do with my Thursdays. There is a void in my heart but yet it is full of memories of our visits. She was a special lady.*
