“ We regret your pain in losing Brittani We do not know your family, but we too have lost adult children. With a large extended family we've found that it's important to remember that each person grieves is different ways and times. We can assure you as intense as the pain is now, the passage of time will allow you to think more on the good times with Brittani and less on her loss. We are of the Christian faith and our ultimate belief was that God would carry us through the valley of the shadow of death, and He did It is always good to hear people remember and name the one you've lost. Brittani will not be forgotten by friends and I hope they'll share their memories of her with you.
