“ Duane was a good friend. We were co-admins in a group for several years & he was the one that tried to keep me calm when I'd get frustrated with situations. He was a good listener a funny guy. The strong silent type I miss talking with him. He was such a good person. He loved his family and his doggies. Many prayers & much love to his daughters & his family.

“ Duane was my patient for 20 years as I took care of his transplant! When I retired we became close friends even vacationing together! It was a pleasure knowing him and getting to know his family! He truly would help anyone in need! I can not imagine losing a child! My prayers are with him and his family! May the peace of Christ help heal you all!

“ We could always find something to get into especially when he had his kidney transplant. He wasn't allowed to get out much and I was there watching Robin's kids during the summer and we had great times together that was the best summers. He will always be my cousin just like all the others... RIP❤️. Charlotte Loyd Heaggans
