“ *They don't come around like Chucky very often and I'm so privileged to have known him. He was a quiet person but always had time to speak or ask how you were doing. I always wondered what he was thinking when he would get that smile on his face and just shake his head and go on about his job. He took pride in his carpenter work and was good at what he was doing. We will all miss Chucky. God's blessing on his family and special prayers in days ahead for all.*

“ Just found out about Chuck (Charlie). Myself, Matt Hammers and Matt Prator had the privilege of not only working with Charlie but also knowing him and seeing first hand what type of person he was. We can truly say that his children and grandchildren should be proud and follow his example in life. He will be missed.
