“ Clayton, When we were younger you were my best friend. i remember i was so sad when you guys moved, i cried. I still have the picture of you that you sent me from Arkansas. I will never forget all the fun we had when we were kids. Like making our own water slide with trash bags down the big hill that used to be behind Calvary. We ran hoses from your house through the woods and up the hill. We slid down that thing all day! lol Or like when your parents let me come to the summer church camp with you, I'm sorry we never got to speak as adults and catch up. All i have are good memories of you and your family.. You will be missed and i love you, Bro! Rest in Heaven!
