“ Remember going to Uncle Ray and Aunt Connie house in Illinois, having cookouts and swimming, was some of my best childhood memories, Tina was a only child and so was I and while our parents hung out we would play. Very fond memories

“ My favorite memory is our girl's trip to Wisconsin Dells. Tina and I were 17 yrs old and we went with her grandma and Connie. Connie told our waiter we thought he was cute. We were embarrassed but laughed anyway. I had such a good time. Thanks for the memories Connie.

We were next door neighbors when Connie and Ray lived in Hoffman Estates. I'm sure there were times when they wished they lived some where else. I was one of ten children and there was always some sort of drama going on. They were good neighbors. I will say we always got along. Although she did own a chihuahua that was a biter . Rest in Peace Connie
