“ Our hearts got out to your entire family. May our heavenly Father wrap you all in his loving arms. We feel so blessed that Phyllis and Scott loved you so much that they shared their "grandparent" bragging stories and pictures of you over the years. Rest gently in our Father's hands, Connor.

“ I said this before and I'll say once again... There are no words. No parent should ever have to plan a funeral for a child. My heart breaks over and over again for you and your family when I think of Connor passing. I only met him once, when he was about 6 months old. He was such an adorable baby! I have known Amanda since we were babies. We are not as close as we once were being so many miles apart, but it's evident in everything that you raised a beautiful boy. He will be missed. I pray for peace for you all. <3
