“ *Our thoughts and prayers are with all of you as we know how much you will miss being with her.*

To know grandmother was to love her. Thank you for sharing her with those of us she treated like family, even when we were not related. When we had the opportunity to be with her, she blessed our lives and warmed our hearts. When we hadn't seen her for awhile, thoughts of her did the same.

She left this earth knowing her sons respected her, her daughter in laws appreciated her, her grandchildren adored her, but most of all they loved her more than words could ever express and she knew it. What a wonderful blessing in her life.

May God bless you all and give you comfort and peace. We love you. Coy, Luanne and Family
