“ I got to know Don just over a year ago, I was his home health nurse for a short time. We became friends instantly. I continued to stop by and visit with Don and Brenda after he was discharged from home health and became very close to them both. We would sit out side in the deck Don would tell me a few jokes and we just hang out have a drink and visit on day to day things. I was always treated with open arms and felt like I was always welcome. I am grateful and honored that I got to know Don for his kindness, his sense of humor and his positive attitude on life. He always made me feel like family and I will miss him dearly and will always be in my thoughts . Rest in peace my friend . Love and miss you Robin
