“ *Edie was a shining light! We have been friends since age 9, and have so many crazy, funny and just dumb' memories! We used to drive the streets until the last minute to go home, often getting ourselves in big trouble! Luckily our Mothers were also best friends, so we couldn't be kept apart long!*

We talked a lot over the years keeping in touch about our families and she always beamed and laughed when talking about her crew! She loved them so very much!

I will love and miss her forever! Rest high on that mountain my friend.

“ *Lifelong friend, too many memories to post. Grew up in Mounds she was my little sister's very best friend, her nickname was skeeter legs, long and linky, she loved basketball in high school. . She lived for her husband Bob, her boys and grandkids, they were her life. Prayers to all the family, God gained a angel.*
