“ *My memories of Eddie are special in that he was perhaps my first true best friend in junior high where we started out by trading at lunch time..he always brought these awesome large and delicious cookies his mom made and from there through high school it was meeting at his house every morning walking to school together sharing music,sports and laughter..it was so wonderful to be united recently with the entire family who honored me with speaking at their moms funeral..Ed was definitely an inspiring part of my life and I will miss the opportunity to spend more quality time with him in arkansas..Lord please take him in your arms and let him know we love and miss him here in the world and will see him together with you in the next..Amen*

“ They forgot to invent words for times like this. I wish with all my
heart that I could take away the unbearable pain I know that you are
suffering, but then you would have to also lose the wonderful, best
memories of your life as well. I hope that you will wrap yourself up in
all the love that is coming at you. You and the family are on my
thoughts and my heart and prayers. Please know that you are
loved.
