“ I'm just finding out about this and it has made me so very sad. Elliot was one of the very first people I met when I moved to Perry County and we became great friends. I have so many fond memories of growing up with him. Such a sweet person and so handsome!

“ Elliot was a sweet man always treated me like family from the time he met me. I am blessed to have known him. My favorite memory is actually an after wedding at his house now the marriage failed but I'll never forget everyone outside singing bohemian Rhapsody at the top of our lungs. It was awesome. Love you Elliot thanks for treating me like a third daughter. I will never forget you.

“ I will never forget my first kiss. I had my best friend to show me how to do it. Elliot went on every vacation with my family. He and I were sitting outside by a fire and he asked me if I had ever kissed anyone and I said no. He leaned over, kissed me and said, that is all it is. Don't you be afraid of it happening. He knew me and got me so much! I could tell so many stories of us stealing signs, singing together, dancing together and just getting into trouble that our mom's didn't know what to do with us. One thing is for sure. I will ALWAYS hold Elliot in my heart as one of the best friends I could ever have. I talked to him a while back on facebook and he told me that he appreciated all the times I drove him home when he was "not himself" and for staying in touch all these years. How could I have not. He was one special guy. Once he dedicated the song "Your my best friend" by Queen to me in the school paper and it was so true. Love you Ellie. Always.
