“ My condolences to Fran's family. Such a wonderful, joyful person will sorely be missed. I had not seen her in a long time before my brother passed away last summer and she was at the house every day helping my mother in her time of grief. I hope and pray that Terry and all of her family can come to peace with her passing. She will always live in our hearts and memories. With Love, James Wise

“ Last year in August when Randy was home I couldn't keep enough tomatoes for all to get their fill so I went looking for some at the farmer's market and all over Perryville hoping to find a truck with some to sell, none could I find. So I posted on facebook to see if anyone had any that I could buy. Your Mom instantly posted that she still had some and to come get them. Of course she wouldn't let me pay for them. But she was so precious to me. It was just like we had been close all these many years that we've been out of high school. I spoke with Randy this morning and he was telling me about his visit with her last fall and about being Terri Jo's shadow in school. (smiles) He said if he could have gotten away he would be here today. I loved her too. She was a very special lady! All week when I think of Fran the words to the song, "He touched me, and made me whole" have gone through my head. She is whole again and happier than we can imagine. May you all be blessed with the peace that only God can give.
