“ *I am very fond of the Vanderveer family. They have always been an inspiration to my life. I have known them for over 20 years. I am heart broken for the pain and loss felt in the family that stand this side of Heaven and Joyous for Sue, as she is now dancing, with a strong healthy heart; pain free with angels in the presence of Christ! Sue was very sure about her salvation, as she made that clear with me on a couple different occasions. My prayers are going up for the family, and especially for my close friend Reid. May the peace & wisdom of God lead, guide and direct!*

“ *Our sincere condolences to the family. Sue and I worked in excess of 20 years together. Family, you should all be proud of the work Sue did in her efforts to provide protection & care for not only families/children in Conway County but due to the nature of the job; throughout the State of Arkansas. My relationship with Sue may have began in a work environment, but we soon became friends and for that I am grateful.*

“ I didn't know Sue well but found her to be most warm and pleasant. I do know my daughter loved her mother-in-law very much from the first time she met her. That tells me all I need to know about Sue. To Reid and Gena, sorry for the loss.

“ My sweet Sue! I worked in Pope County DHS/DCFS for many years. I recall when Sue was hired and I also recall when she finally retired. She was a very sweet compassionate person and worked tirelessly for children and for parents so they could be reunited with their children. Sue hated to see children removed but so many times it was necessary but she was always so happy when they returned and the families did so much better. I started with the agency in 1980 and left the agency in 2013 and worked so many various positions in DCFS over the course of those years. Sue and I crossed paths so many times with so many families for so many reasons. I admired her, I trusted her with my life as we did go out on some homes together that was not always good to go alone. We prayed together and we cried together. I know that her job took her away for her children but she loved her children and oh my the grandchildren. She always had a story to tell about grandchildren and her children. God has sitting with him a wonderful angel to watch over all of you. I am so honored to have known her and worked with her. May God bring all of you peace in the days ahead.
