“ *I remember all those years we worked together at Iva Lees and the fun we all had we always said we had to be kin because we had the same last name and there wasn't that many people around with that name. Rest In Peace my dear friend. I will miss you and think of you often.*

“ *I met Grady when I was 16. Then again at 20 when we became coworkers at Iva Lees beauty shop. I am honored to have him on my friend list. There are very few people I have known in my life who could measure up to Grady. I will miss him immensely but we will see each other again.*

“ *I'm so sorry for your loss. Grady was a great person. He did my mom's hair for many many years, he even came to the hospital and did her hair. He also did my grandmother's. He was well loved and we thought a lot of him and he will be missed.*

“ So many wonderful memories, too hard to pick just one..from being neighbors in the Portland bottoms to the years of just being friends and sharing memories, his laugh and the ability to make others laugh, the tricks he played on Halloween night lying in a coffin and sitting up when kids would pass by, years of styling hair of probably every woman, child and some men in Plumerville, the stories he could have told but didn't, now Ms Hettie has all her babies home..Grady Lynn rest easy now, your work here is done

“ I met Grady at the bowling alley in Morrilton. I spent many nights bowling on the couples league and getting to know Grady. He always had a smile on his face. He became my brother's, Howard, best friend. They spent lots of time bowling and traveling together. He was loved by the Chenault's and will be remembered by his smile and fun bowler. Lots of love and prayers for his family and friends at this time. 💜 Melissa Chenault Freeman
