“ My wife and I regret your pain in losing Hunter. Our 19 year old son was killed in an electrical accident and we can assure you as intense as the pain is now, the passage of time will allow you to think more on the good times with Hunter and less on his loss. We learned that each person grieves differently and in a different time frame, so we encourage you to recognize that in the days ahead. We are of the Christian faith and our belief was that God would carry us through the valley of the shadow of death, and He did. It is always good to hear people remember and name the one you've lost. Hunter will not be forgotten by friends and I hope they'll share their memories of him with you.
