“ *Our relationship with Aunt Jackie began after my grandmother passed away and Aunt Jackie sought a connection with her biological family. We didn't know she existed until she contacted us.*

She and Cloyce developed a close relationship with my parents, John N. Fly and Gertrude E. Fly. My father was Jackie's younger biological brother. When they discovered each other, they developed a warm and caring relationship over many years until dad passed away in 2020. They had many common interests and were a lot alike. They also both were veterans and had very successful careers as educators. They talked over the phone almost weekly and in person, Jackie and Cloyce came to California to visit, and our families visited in Arkansas and in Branson, MO.

My wife and I once met up with Aunt Jackie in person at a restaurant in Branson. She was very much like her biological mother (my grandmother) in mannerisms and stature even though she was raised by her adoptive family and had no contact with her biological family until later in life.

Aunt Jackie was a loving, generous and kind person, and will be greatly missed by all her family.

May she Rest In Peace.

Sincerely,

*J. Jeff Fly
Nephew*

“ You will be missed Aunt Jackie! You were such a joy, I've known Mrs. Jackie since 2019, but seems like I've known her for a lifetime, I really enjoyed being her caregiver❤️ My grandma passed years ago and she reminded me so much of her. Jackie always had great life advice for me, and had the best sense of humor. I'll never forget you! Fly high!! 💕💕💕💕
