“ I would like to send my condolences to all the Deaver siblings. I remember each of you quite well. You were the nice family that lived in the white house that looked like it came out of a story book at the end of the bus route down in the Valley. David and I are life long friends being in the same class. Your Mom and Dad stopped by school to show David his new sister on their way home. We all went out to see Denise. Bucky was a great basketball player. Barbara was the kindest girl That I knew. Al was older but I remember him being a striking figure in high school. Marlin was very nice but quieter and was just like all of you. very nice. People are remembered when they are nice and kind. And all of you were. I remember when Marlin started dating his wife and later married. All these years married to the same lady. That says a lot about Marlin. I am so sorry for your loss. Donna McGee

“ *Marlin was one of the nicest people that I have ever known. Growing up, he and Nelora were my 2nd mom and dad. Marlin also had a big smile on his face and a fantastic story to tell you. Once, a telephone solicitor called the Deaver home selling windows. Marlin told her, "M'am, I would love to have windows, but I live in a tent." He kept her on the phone so long with his sad tale of woe that she probably would have sent him money. He kept trying to get me to date Greg Price long before I had ever met Greg. He will be dearly missed.*
