“ I worked with Jim for many years and always thought of him as a friend as well as a coworker. I can't believe he's gone. What a tragedy. My deepest condolences to all of the family. Jim is at peace now but those that knew and cared about him will miss him for a long time. Rest in peace Jim.

“ I worked with Jim from 1987 to 1999. I will miss talking to him on the phone and emailing since Jim and JoAnn moved. I will always remember the challenges we went through in the TACTS and FAA programs. I could always count on Jim no matter what task I put in front of him. Our prayers and thoughts go out to Jim and JoAnn's family.Love, Ralph And Elaine.

“ We are deeply sorry for your loss. I worked with Jim for many years as a field engineer at comtek and he was someone that I enjoyed messing with at every opportunity, as he did me. Jim is going to be missed greatly by all those that knew him, even more so by those of us that got to know him at a personal level.

“ MAY GOD BLESS THIS FAMILY IN A TIME OF SORROW!

August 26, 2009 at 12:00 AM

“ I was sorry to hear of Jim passing away. I used to speak with him so often. I would call in to COMTek and he was always there bright and early before anyone else. We would kid about us old Engineers just always being available out of habit. Jim, although I never met you face to face we had more than a couple of laughs over the phone. We got business done too my friend. Rest in the Peace of Our Lord. God Bless your family also. Respectfully, Art Jenkin.

“ To the white family,

Jim will be missed by many. I counted him as one of my close friends. I will miss the many e-mails he sent and the phone conversations we had very month.

My last phone call with Jim was Thursday night, 8/20/09. We joked as we did every time we talked. He always wanted to know why I had not retired yet. I kept saying "I have one more project to complete of one more contract to win". I felt Jim was happy where he was and enjoyed working on his Home. He loved to ride his bike and go fishing. His ponytail was something else.

Dave*
