“ I learned a lot from Jan the years I worked with her at 409 Shall Street and also at 4001 Rodney Parham at Systematics. I worked with Larry also. My wife at the time bought a little Silky (like a Yorkie) from Jan and Larry. I really missed her when she retired.

I have been working for Systematics/ALLTEL/FIS since 1989. I spent 19 years in development in Little Rock and Jan was always kind to me and would help me out whenever I needed it.
