“ *To Say Goodbye Is Impossible
To say goodbye is impossible forever
And yet we have to exchange goodbyes
No magintude of love when someones cies
Can manage the immensity of ever
Yet death cannot our friendship sever
Though you may rest somewhere beyond our sighs
And all the talk of after life belies
Eternity is our breif glimse of ever
Even as each breeze much after time
And each unruly rock reshapes the sea
So love last beyond our conscioues
Each pluse of life a piece of the subline
A breathe so full of grace it can not be
A wave that ripples endlessly through darkness
So to say goodbye to you my dear friend is impossible.*
