“ *I miss Junie very much. She & my mother were best buds, & she & I have stayed in close contact since my mother's death. In fact, the day Junie died was our Thursday to "catch up," & I was wondering why she hadn't called me yet when I got the phone call about her death. I will always remember her fondly -- as I still do Ms. Lizzie (how much Junie reminded me of HER!!!!  
Erma, hope you are improving. My prayers are with you. God bless!*

“ *James, Erma Faye, And Family, We want to send you our condolences and tell you that if there is anything we can do for you please call us. We will miss Junie a lot. Our grandchildren were very upset to learn of her passing, they enjoyed taking her meals and going by with Jimmy. Again let me say how sorry we are. All of you will be in our prayers.
