“ *I may not have a lot of memories of my great grandmother, but what I do remember and will always remember is when I would go over her house and she would let me eat all the sweets I wanted at anytime of day. I love you and miss you Grandma 💕*

“ I cherished every moment I was able to share with my Grandma. My favorite memories are those spent at my Grandparents house when everyone in our family was together and happy, and Grandma would make a pot of beans, fried taters, and sauerkraut and wieners. Papa always had to have a glass of buttermilk and cornbread with an onion. We were all together enjoying and loving on each other. My last favorite memory of Grandma was this past Mother's day. My daughter made a video of Grandma saying, " hello, April happy Mother's day, and I love you, darling! " Grandma, I love and miss you so much. I am so blessed to have you as my Grandma. I pray that you are resting in the arms of our Heavenly Father.
