“ *I remember the fierce competition that we always had when Nemo Vista played St. Joseph and Coach Mourot was in charge. She was a legend on the courts. I was always impressed by the fact that she was such a strong woman when I had only seen men coaching. May God bless your family during this difficult time for your family.*

“ We both have great mermories of the times that while working in our yard Katherine would stop and visit with us she was such a great neighbor. We always knew that she would always be watching over our house if we were out of town. And of course we can'tforget about the countless hours she spentQXTN picking up trash along the roads in Plumerville. She was the neighbor all people wish for and will be greatly missed. I'm sure she will be driving her truck and waving to all her friends in Heaven. May these memories and God comfort the family. You are all in our prayers. Dewayne and Laurie Dixon,also Helen and Andy.

“ Thinking of all the good times we had back in school. Katheryn was the life of the party and the leader in all sports. I will always remember those ball games when we played St Jo and then we both landed down here in Conway. Good times ! and i know she would be saying the same thing--good memories.

“ My prayers go out to you and your family. Fondest memory: Senior Science Class as SHHS 1973. Her locking the lab doors, covering the windows and joining us 'players' the whole class period, playing 'Black Jack'. Coolest teacher ever, never a dull moment with her. God bless and keep her.
