“ *Jaclyn....Although we only shared a short period in time together we got to meet, know and friend Larry and are blessed that we had the opportunity. Larry was a very special man indeed and we wish we could have gotten to hear him sing and know him some more. We are so sorry for your loss - through this sad and difficult time, we made a close close friendship with you which we will cherish forever. We are happy knowing that we were able to help you, and be by Larry's and your side, while far away from your family. We send our sincere condolences to you and your family along with our love and many hugs - we think of you, Trouble and Rascal often and are missed here in Texas. We hope we will get to meet again.

“ So very sorry for your loss. I give Larry credit for helping me find my way as a young man back in the early seventies. He gave me an opportunity to work in a computer environment at the West Bend company after my obvious failure as a factory worker. His belief in me resulted in 40 plus years as a software developer and business owner. Thank you Larry!
