“ *I am so sorry to hear about your dad. I worked with him for 8 years at the City of Perryville Water Dept. He was like a father to me. Even after I left there he would call me once in awhile and always remembered my birthday. My birthday is coming up in January and it will be sad to not hear from him. I know he had been in bad health for a long time. He wasn't one to complain but you could see it in his eyes. I'll never forget his kindness and humor. He would drive down B street in front of City Hall and honk real loud and we knew he was scaring the black birds out of the yard across from city hall. It was so funny to watch. I just love him to pieces.*

“ *To the family: I was so sorry to learn of Larry's passing. I know he is not suffering any more. He was a wonderful person, always to help when he could. He always hated to hear my voice on a Saturday morning when he worked at the water department because he knew what it meant - a leak. But he always went out of his way to fix it and get us going again or get the city going again. He will be missed*
