“ *I worked next cubicle from Larry.... we have bonded very close because he is so much like my husband. Larry was the kindest and family loving man I knew. He was proud of his sisters and their children. He spoke lovingly of his Mother. Larry helped each one of us at work and he could be a little set in his ways, but that made us all spoil him more. There is such a black hole left with his passing. We love you very much and can't emagine the office without you. Go with God and rest in peace knowing you will always be in our hearts and memories.*

“ I know it is hard for all of us, all of Larry's Family & Friends, because we all miss him so much. He was a blessing to everyone he met. We will miss him tremendously at work, because we were privileged to see him everyday! You could not get that man to take a day off work! He took his job very seriously, and was very good at what he did. It will be very hard to replace him.

I know that a person so kind and caring is with the angels. He would not want us to be sad, or make a fuss over him. A person like Larry we will see again.....in Heaven!

“ Larry had the best sense of humor I have come across in a long time. We would joke and laugh many times at the office. He was the hardest working person every day. Even though he had some trying days, as we all do, he accepted what he had to do to get things done. He was always helping his family out too. Whether it watching some kitty cats, or just going to his mother's house for a family get-together. Larry had a great heart and loved his family so much. Almost every Monday he would share a story from the weekend that somehow involved spending time with his family or friends. It always has a stronger pull at your heart when someone is taken from this earth tragically and without sense or explanation. My heart and prayers go out to Larry's family and friends, as well as his co-workers who will always be reminded of Larry as they walk by his office. He will be greatly missed and I am truly glad that I had the privilege of knowing him.

“ Larry was a friend to me & was a very hardworker here at HBPL. The services were nice yesterday but hard to say goodbye to such a good person. I know he his with our FATHER and in a better place. We ate lunch around the same time and he would always tease me and say "hey Tara what did you cook last night I might want to trade with ya" Then after eating we would smoke a cig. He always talked of his love for his family. My prayers are with you & keep the faith.

“ I can't imagine the pain and loss you are experiencing, it has been very hard here at the office to say good bye to such a wonderful person. My thoughts and prayers are with you all because I know how close all of you were to Larry. I met several of you at the Dixie after Britinee's birthday party in November. Please know that he is in a better place and someday we will be with him.

“ *Larry was very special to me. When I started working at Hosto & Buchan I had just found out I was pregnant. Being single, I was scared to death, and one day while Larry and I were eating lunch together, he just looked at me and told me not to be scared, that everything would be okay. He never knew this, but he changed my outlook on life and I will always be grateful to him for that. He was a very caring and loving man, and now he has gone to be an angel in heaven. I'm just grateful to have had the chance to know Larry. My deepest sympathy to Larry's family.*
