“ *I have not talked with Larry in several years, but when I did before my surgeries. We would see each other at the grocery store, he always had a smile and a kind word and would always so proudly tell me how his girls and grandbabies were doing. Randy and I would like to send our Deepest sympathy to the family. May Larry's love and joyful memories always remain in your heart. I will never for how all three of them were when that tornado came through Crystal Hill and I was underneath that desk and they said they couldn't here the tornado because I was screaming to loud. They immediately got out of the building and started getting power lines out of the way so emergency personnel could get in the area. They went to make sure there families were all okay. It was total mayham, but not to Larry & Jim, they were just as calm as could be. There was electrical lines down everywhere and gas lines busted. They were not concerned with there own safety. They were concerned about there family and there community. He was a good boss, and a kind friend..*

“ *We just wanted to let you girls ( and the rest of the family) we are thinking about you and know your going through a very hard time. It will get easier but never go away. Your heart will always hurt for what you have lost but just remember he loved you very much, he was so proud of all you, and that he may be gone from this earth but he is always with you.  
You are all in our thoughts and prayers.*

*Gena, Jeremy and Lynsey Jones*

“ I'm so sorry for your loss. The world has lost yet another great person. Please know that in time, accepting it will become easier, though there is nothing that will ever truly ease the pain. My heart and my prayers are with you. I love you all.

*Mickie, Jason, and kids*
