“ She was the best transcriptionist I've ever worked with. She was one of the fastest typist ever. She could retain so much medical knowledge. She would just amaze me how she remembered the most minor details. We had many good years together; professional and personal, and many, many laughs. I will miss her. And to Steve and Ryan, I know you just feel numb. My prayers are with you.

“ I am praying for Lili and family. Just learned of this sad news today. She was a lot of fun at ACH and was a great transcriptionist. Though it has been quite awhile since I saw her, I care for her very much. May the peace of Christ be with her and her family at this time.
