“ Linda & I worked together at Acxiom for many years. This is where I met her & we became good friends. After I left Acxiom Linda & I kept in contact through email for a while but lost contact after a while. I did not know of her passing until about a year later. I wish we had kept in touch as I would have been there for her during her sickness. She was a true friend & I will always remember her for being one of my best friends, I will miss her.

“ I worked with Linda several years at Acxiom. I loved her feisty personality and I enjoyed that our professional lives crossed paths. Often we would just have talks about anything in her office. She was easy to work with. And she was always talking about her kids and grandkids. I remember she drove from Birdtown to Conway every day!

*She will be missed.*
