“ We are so sorry to hear of your loss. My father had a stroke and was a patient of hers at Heritage. From the moment Marilyn walked into his room, everything changed for the better. She not only cared for my father, she was his friend and a big part of the reason the last days of his life were happy. She became a part of our extended family and we could never repay her for what she did. She was truly an angel on earth to us and so many, and now she can be with the other angels just like her. We loved her so much and will always have fond memories of her. You all in our prayers.

“ I am so sorry for all of you in this time of loss. I just spoke with Marilyn last week and she told me how much fun she had on her trip with you and your family, Larry. That trip brought her so much joy.

I pray that God will be with all of you and grant you comfort and peace in your time of sorrow as only He can.

You are all in my prayers.
