“ Matt was more than just a friend..he was my brother and I miss him every single day. Things will never be the same without him around and I will never be the same. He had the biggest heart and always tried to help others. No matter what he was always there for me...he would drop everything in an instant and come to help me if I needed it. I will never have another friend like him. I love and miss you so much brother. Rest in peace my friend..I'll see you on the other side.

“ A whole year....doesn't seem like it but yet it feels longer. Our son misses you so bad Matt! It has changed him to his core! Im so thankful you two were able to reestablish communication and repair some of things that had come between yall. Im so thankful for the time you were staying at my hotel and we were able to remember how good of a friendship we had. I feel an emptiness in the space of my heart where you once were. I look at Gabe and see your smile and your kind eyes and the silly parts of your personality in him. It is bittersweet. Thank you for the gift of our son! Please keep watch over him. Until we see you again my friend.....
