“ Almost everyone can name individuals who made a positive difference in their life. Naymon Mallett was one of those people in my life. There were three seniors on the 1959 basketball team that received athletic scholarships to attend college. I was not one of the three. However, one college offered me a job at the college gym if Naymon would enroll in their college. He did and I was given the financial opportunity to attend college. Even though Naymon chose not to complete his schooling, I was allowed to keep my job and I graduated from that college. Because of Naymon, I obtained a degree and a wife from that college. I spent 35 years as a teacher and administrator in public education. This was possible because of my classmate, teammate, and good friend, Naymon Mallett. Thanks my friend; Rest in peace. “ In 1959 the basketball team at Plumerville won the county and district tournaments and Naymon was one of the reasons why. He was a lot of fun and I will miss him very much. We hunted some together because we both loved it. I remember going hunting with him when I was on crutches. He thought it was so funny and he would tell people about it and laugh that big old laugh of his. God speed Naymon. cb
