“ *I met Phyllis in 1946 when we started first grade at Perryville. Since she lived on the road to my dad's sawmill, where I often went after school, I would stop and play with her and David Rison; hence she became my very first playmate. When we were older and she a beautiful teenager I often gave her a ride home after school as I went to the mill site. We shared a close friendship until we graduated and went our separate ways but were always elated to see one another from time to time over the years. We shared a birth year, a birth month and only seven days separated our birth days and she always poked fun at me for being "so much older than she was." The last time I saw her in April 2007 she mentioned our close birthdays and the fact that I had saved her many a step. She was always a wonderful personalty and absolutely loved her family and friends. She was quite a gal and I will miss her! Buford Suffridge*

“ John and I send our sincere condolences to the Sibley family. We read Phyllis' obituary in the *Petit Jean Headlight* tonight. It has brought back so many wonderful memories that I have while playing with Phyllis at FBC, Perryville. She was a loving and generous friend who always thought of others first. I can only imagine how much her family will miss her, especially her grandchildren. My thoughts and prayers are with the Sibley family tonight.
