“ Phyllis invited me to go on her company float trip on the Buffalo River. Neither one of us had ever been in a canoe but we were up for the challenge. We laughed so hard at all the problems we encountered. Phyllis said “Lisa we are going to have to stop laughing if we want to catch up to our group.” That was the longest float trip on a River that the water level was down, which caused us to carry our canoe over shallow waters. I just knew we would be so sore the next day but I guess all that laughing was good medicine! I know we had a big smile on our faces for the longest time when we thought of that day. I always enjoyed spending time with my friend Phyllis the philosopher. She had a good view on life.
Till I see you again, you will be missed. Thanks for the memories.
