“ Rada was truly a special person. She has touched more hearts in such beautiful ways that will last our lifetime  
Her gift of quilting was amazing and the pride she gave every stitch, and finished moms quilts that was in process upon her death will hold special meaning to those that received them as gifts.  
She was always willing to lend her sewing abilities to families they making curtains for their homes, baby quilts to those she loved to use and cherish.  
Her love for gardening and flowers just made you want to dig with her in the dirt and share her passion as I did. She helped plant fruit trees on property and she would watch them growing a tell me how to enhance their outcome to bud fruits.  
She use to spend time as well as her other sibling over night with cousins and her ability to make family trips and sight seeing along the way was one of a kind .  
She loved sea shelling on Sanibel beach with us in Florida on several vacations and the way she was going to make things for her siblings and nieces etc. She had a vision to make beauty out of so many things.  
It was a lifetime of beautiful memories as my sister and I will cherish her till we meet in our heavenly home .  
The Scripture states, to be absent from the body, is to be present with Christ. What a beautiful homecoming Wed that happened in heaven.  
Rest well sweet angel and be blessed in all things
