“ *Sally spent many days and nights with our family and she was one of a special, loving group of girls who went to high-school and ran together. She loved to serve, worship and sing and was active in the youth group at Pickles Gap Baptist Church. I will always remember the song, El Shaddai she sang in church one Sunday. Shaddai means God of Heaven and now she is with Him! Her smile and beautiful spirit remains with us still and we will hold to God's promise that we will see her sweet face again! Until then! “ *Sally and I were in school together in Greenbrier. She was one of my best friends and we shared slumber parties, band get togethers, and many laughs! My heart goes out to her family. She had a light and that light will be missed! Mark, we can get on our motorcycles and do a memorial run anytime. Jamie Atkinson Bryant*

“ I met Sally through our kids. She was a funny caring delightful person that I could tell was soooo proud of her children. She leaves an amazing legacy in her kids. I am wishing the family feels the outpouring of love that many have for them and the presence of our Savior that is willing and able to provide comfort and understanding at this time.

“ *The memories! Sally and I were just recently reminiscing about times at my Grandma Smith’s Christmas gathering back in the day. I was sitting on the couch and Rhonda was passing by the dessert table. I asked her to “throw” me a piece of fudge. She did, then another and another and another and all Sally and I could do was laugh our heads off and keep catching it! Good times! You’ll forever be in my heart sweet cuz! See you in heaven some day! Love you always!* ”

“ *Sally was one of my favorite cousins of all time. We have so many childhood memories- from playing in their clubhouse Uncle Roy made for the kids to sitting beside each other in band in the flute section to her walking down the aisle as my bridesmaid to her coming to see me on the night my dad went to heaven. Sally was beautiful inside and out. And funny! We laughed so much when we were together. We always picked up where we left off no matter how much time passed between us being together. I'll always hold her close in my heart. Alli Harrison Doney*

Ashton and Trey, she spoke constantly of how much she loved you, and wanted the best for you. She was a precious friend.*
