“ Oh my Sammy Cakes. You have always been one of my very favorite people. I will forever cherish our friendship. I've loved our almost daily calls, and even more that we ALWAYS said "I love you" before hanging up. We tried to solve the world's problems. I'm so glad you're not in pain anymore sweetie. I love you with ALL my heart, and I'm so broken. Love you to the moon. Be free, baby.

*“ I've been trying to find the words to say all day but just haven't found them. Sam was not only a coworker but was one of my best friends and he called me his wifey. When we worked together we had a bond that was like no other we could finish each other's sentences, knew what the other needed without even saying a word and also could read each other's minds. We talked nearly everyday if not every other day. I'm gonna miss him greatly but I know he is no longer hurting from all his health issues. You all are in my thoughts and prayers.*

*“ I don't even know where to begin. Sam was one of my most cherished friends. He was one of the very best people on the planet, with an enormous heart and the kindest of souls. I'm so thankful to have had so many years of love from him. He was such a special person, always laughing and genuine in his care for others, even when he was struggling. He will forever be missed by all who were blessed to be loved by him ❤️*
