“ Jen, I can remember when your mom and dad were younger we would play cards together. You and Khadrahn played upstairs. After one visit, Khadrahn came home with us that night and told us that you was hitting him when you didn't get your way. Stanley said: next time that happens, just knock the shit out of her. Well , the next visit to play cards came around, and you guys were upstairs and all of a sudden we could hear you crying. Khadrahn came running down the stairs, Dad, I knocked the shit out of her, just like to told me too. :) Maybe this little thought, can make you smile for a while. Your mother was a beautiful lady and loved your dearly. She could make chili, invite you to eat, serve the chili and have dishes done by the time I took the first bite.?
