“ Sheila and I worked all summer on a project for a major client at Acxiom. That took us from coworkers to fast friends. We watched a momma skunk raise pups out in the field behind our building. She got a little close with her camera one day and almost got sprayed! I had a good laugh at her expense. When we wrapped up the project, she rewarded me by taking me up in her plane. We flew over my house and the house where she raised her children. That was one of the best days of my life. She spoke of her family often and fondly. She was sure proud of you kids! I hope Harvey is with her in Heaven so she always has someone to listen when she talks. :) Save me a seat at the cool kid's table, Sheila - I'll see you someday. My love and prayers to you all. May God comfort our broken hearts.

“ My heart breaks for Sheila's family, may God comfort you during this season of grief. She was never at a loss for words and didn't know the meaning of meeting a stranger. Sheila had a way of making everyone feel welcome. We missed her when she retired from Acxiom to enjoy her family. Now we understand that was one of her best decisions. Hold her memory close, we'll see her again in her full glory.

“ My condolences to all of Sheila's family and friends! I worked with her for many years and she was my mentor! I wouldn't have the knowledge and work ethic I have today without her! She was so caring and worked so hard and we had many laughs! She will be missed by all of her Acxiom family!

“ Words cannot begin to express the immense sadness I felt learning of your Mom's passing. She was an amazing person and an even better friend. She was always there with encouragement and words of wisdom. I will always cherish all the time I spent with her, especially spending time with her, Mackenzie, and Alexis on their west coast car trip. I hope during this difficult time you can kind solace knowing how proud she was of all of you and her grandkids. Although she isn't here with us anymore she will always be here looking over us from her plane in heaven.

“ I met Sheila in November of 2006. She was my team leader on a new account. She became my mentor and then my friend. We worked side by side for 9 years. She talked about her children and grand children all the time. She was a unique individual. There wasn't anything she wouldn't tackle. Always full of surprises. Who would just drive to Little Rock to pick up a Green House? Sheila. Who would order Bees on-line? Sheila. Who would figure out how to shlump wine bottles with a kiln? Sheila. I raised a glass of Merlot in her memory last night. She will be greatly missed.

“ *Shiela was a great friend to my husband's grandma, Ruth. I got the pleasure of meeting her when she would come up to the Okoboji area and when we would visit Arkansas. I will always remember her bubbly, super friendly and sweet personality. It's so hard to believe that she is gone. I'm so blessed to have known her and will remember her always. Prayers and thoughts to her family and friends.*
