“ *My condolences go out to those remaining members of the Gray family, especially Steve's kids. He was truly a good guy. The first time I met Steve I want to say I was up to no good and indulging in your typical teenage mischief. He was always cool with everything though and never told on DeeDee and I. He'll be missed by everyone who knew and loved him. Give Granny and Grandpa hugs for DeeDee and I, Steve. We'll see you again on the other side... until then... wait for us at the pearly gates!*
